The agency has locations in Pine Bluff, Little Rock, North Little Rock, and Forrest City. We provide an array of mental health and substance abuse services at all locations including: medication management, therapy, paraprofessional services, psycho-educational, advocacy, and outpatient substance abuse treatment. Our staff is equipped to service adults, adolescents, children, and families.

## SATISFACTION SURVEYS

As the CEO of the agency, I take the treatment of our clients seriously. The agency makes ongoing efforts to improve quality, accessibility, and effectiveness of services. Our clients, stakeholders, and employees' opinions, concerns, and suggestions matters. In an effort to improve we solicit input about the accessibility, effectiveness, and efficiency of our services. The clients, referral sources, and employees are overall generally satisfied with the services and employment setting. There were areas that client's, referral source, and employees suggested including of expansion of services to include day treatment, support groups, and more adult services.

The agency takes feedback from stakeholders seriously. Areas of improvement identified through the survey include client requesting assistance with basic needs (e.g., clothing, food, shelter), asking for transportation to appointments, and asking for a male MHP. The agency will present the comments, suggestions, and issues to the advisory board, employees, and incorporate into plans. –Ronald Kirby, CEO
